Y1/Y2 – Summer 1 - Science – My Body

Life cycle of a human

The Life stages of humans:

1. Pregnancy
2. Birth
3. Infant
4. Adolescent
5. Adult
6. Elderly

Parts of the Body

Key Vocabulary

| | |
|----------------|---|
| sight | Your eyes let you see all the things around you. |
| hearing | Your ears let you listen to all the things around you. Your brain is able to tell what different sounds are. |
| touch | Your skin gives you the sense of touch. You can tell if something is warm, cold, smooth or rough without even looking at it! |
| taste | Your sense of taste comes from your tongue. You can tell if something tastes bitter or sweet. You might have some tastes you like and some you don't. |
| smell | You smell using your nose. Your nose can tell if things smell nice or not nice. |

A healthy diet

Food Plate

Use the food plate to achieve a healthy, balanced diet. It shows how much of what you eat should come from each food group.
