2. Part A: Curriculum Music

This section is about what we teach in lesson time, how much time is spent teaching music, and any music qualifications or awards that pupils can achieve. An overview of the music curriculum for each year group is available on the Aston Lodge Primary School website.

At Aston Lodge Primary School, the music curriculum is underpinned by the Development Matters Framework (2023) National Curriculum and incorporates elements from the Model Music Curriculum (March 2021). We aim to ensure our music curriculum is designed to sequence learning, through the progression of skills and knowledge, and embed the key skills that are required to develop their interest in the 3 pillars of the music curriculum: technical, constructive, expressive. It is also designed to engage and inspire pupils to develop a love of music and their talent as musicians, and so increase their self-confidence, creativity and sense of achievement. It develops an awareness of different genres and cultures and enables students to work independently or as part of a group. Musical knowledge, understanding and skills provide the frameworks and approaches that explain how music has developed over time. We aim to ensure that pupils develop a competence in reading musical notation and using this whilst developing a competence with key instruments. Each phase focuses on a particular instrument and students have the opportunity to progress to the next level of musical excellence.

Within the music curriculum, whole-class instrumental and singing lessons, ensembles and music events, and broadening horizons are woven throughout.

The curriculum is cohesive, details the three pillars of the musical curriculum (technical, constructive, expressive) in design, and builds on prior learning. It is also designed and implemented to inspire a love of learning, self-belief, and aspiration with the WPT 4 key intentions at the forefront: the removal of barriers to learning, developing skills for learning, fostering personal attributes and enriching student experiences and broadening their horizons.
The music curriculum gives students opportunities to:

- Develop self-confidence through performance, both through lessons and extra-curricular participation
- Encourage creativity through composition skills
- Understand the complexities of music through analysis of a wide range of genres from different musical and cultural perspectives
- Encourage personal development through ensemble performances and group compositions
- Understand how music can support the development of life skills, such as confidence, self-awareness, resilience, and discipline, and provide a holistic experience that they can take beyond their musical studies
- Develop their cross-curricular skills of problem-solving, perseverance, diligence, teamwork, time management, organisation, responsibility, and cultural history
- Gain a sense of achievement through performance.

Listen carefully to the sounds of autumn before recreating them using untuned percussion instruments; learn to sing autumn-themed songs to well-known tunes and practise playing instruments along to the pulse; listen to 'Autumn' by Antonio Vivaldi, identifying instruments and responding to what they hear with movement and mark making.	To learn about music from different cultures; responding to music with movement; to name instruments from different cultures; to take part in traditional call and response songs; to use actions to accompany traditional christmas songs.	Children learn about tempo through the context of transport. They listen to music with contrasting tempi and respond with physical movements. They continue to work on their control when playing instruments, learning to play 'fast' and 'slow'. They learn to follow signals from a conductor, knowing when to play and when to stop. The children learn a range of transport-themed rhymes and songs and explore simple beat charts and graphic scores.	To explore music of African through Handa's Surprise; to identify tone/timbre of african instruments; to tap/clap rhythms of words an maintain a pulse; to compose music by selecting and combining sounds with support.	To build a knowledge of interrelated foundations of music through composition; to listen and trace the pitch of a melody; create musical sounds in response to stimuli; notate sounds through mark making; understand how music is performed at different tempos; understand what a Rondo is and work on a class composition within the structure; Listen with concentration to contemporary music and understand how the inter-related dimensions of music portray the mood of the music; perform entire songs.	Listen to pieces of music that are inspired by the sea and think about how the music represents the sea; listen attentively and begin to identify the musical instruments that they can hear; explore how to play classroom percussion instruments in different ways to create different effects and compose verses for a class song about visiting the seaside; work in small groups to compose a 'seaside symphony', choosing instruments to represent different sounds of the seaside; have the opportunity to try out different roles in their group, including musicians and a conductor.

	Exploring how to use our voice and bodies to make sounds, experimenting with tempo and dynamic when playing instruments and identifying sounds in the environment	Explore dynamics, first by responding physically to contrasts of loud and soft; explore how to use their voices in different ways before combining vocal sounds and body percussion to represent a fireworks display; develop their control when playing instruments, learning how to play loudly	Creating simple actions to songs, learning how to move to a beat and expressing feelings and emotions through movement to music	Use their voices expressively and creatively by singing songs as part of a musical story.	Understand the difference between pulse and rhythm, internalise pulse and begin to read and write simple notation. Rhythm cards can be used to support and extend material provided.	Develop understanding of pitch through auditory discrimination- learning to recognise small and large changes in pitch, being able to use the voice to follow a melody and to have the experience of using some simple tuned percussion instruments to accompany singing

	Learn to identify the difference between the pulse and rhythm of a song and consolidate their understanding of these concepts through listening and performing activities.	Use their bodies and instruments to listen and respond to pieces of classical music that represent animals	All the learning in this unit focuses on rhythms and notation. This is done through singing, clapping and performing rhythms from memory and notation.	This unit explores different timbres at how composers have created descriptive music based on animals, looking at Prokofievs 'Peter and the Wolf' and Saint-Saens 'Carnival of the Animals'.

Inclusion, Diversity, Special Educational Needs and Disabilities

Our music value is to create a culture in lessons where all music is celebrated and respected, encouraging learners to be confident in enjoying, embracing, and sharing the music that is meaningful to them. We ensure all staff are equipped with the skills to identify and remove barriers to ensure all pupils enjoy full participation in music lessons that support the development and achievement of each young person based on their individual abilities, needs, and interests

At Aston Lodge Primary School, it is recognised that certain students may require additional, often temporary, scaffolds to reach these outcomes. We ensure teaching resources are adapted and are accessible to all learners. This allows pupils to develop musically in their own way, and for their personalised achievements to be acknowledged and celebrated. We ensure we differentiate and adapt in accordance with the physical and social, emotional, and mental health needs of all pupils. All music lessons are developed by specialists and delivered using a variety of teaching methods and different learning styles to meet everyone's needs.

The music curriculum explores different musical styles and music by musicians from different backgrounds and traditions. The curriculum allows pupils to learn about instruments, traditions, styles, composers, singers, and instrumentalists from a variety of geographical and cultural backgrounds through topics such as Chinese, samba, and African music.

The Director of Music, Coordinator of Primary Music and SLT monitor and evaluate teaching and learning. CPD, development opportunities, and support or changes in the curriculum for music are supported and generated based on the outcomes.

Music Qualifications
Pupils who have instrumental lessons at Aston Lodge Primary School have the option to be entered for graded exams through ABRSM, Rock School, and Trinity.

3. Part B: Co-curricular Music

This is about opportunities for pupils to sing and play music, outside of lesson time, including choirs, ensembles, and bands, and how pupils can make progress in music beyond the core curriculum.

Peripatetic Offer
Aston Lodge Primary School offers peripatetic music lessons delivered by a team of Trust specialist instrumental teachers designed to enhance students' musical education through individualised instruction. This offer provides opportunities for students to receive tuition in a variety of instruments, fostering a diverse and enriching learning environment on a 1:1 basis.

Instrument Choices

- **Piano and Keyboard**: Pupils can learn classical and contemporary styles, focusing on technique, reading music, and performance skills.
- **Guitar:** Acoustic, electric or bass guitar lessons are available, covering a wide range of genres from classical to rock.
- **Strings:** Violin, viola, cello, and double bass lessons.
- **Brass:** Trumpet, cornet, trombone, and tenor horn.
- **Percussion:** Drum kit lessons
- **Voice:** Vocal lessons are tailored to individual student needs, including classical, pop, and musical theatre techniques.

Charging and Remissions Information
Aston Lodge Primary School charges a nominal fee for peripatetic music lessons to cover the costs of hiring specialist instructors.

- **Standard Lessons:** The charge for individual 20-minute lessons is £9.60 per session – these are paid upfront per term at £123.
- **Free Lessons:** In certain circumstances, such as for pupils who access free-school meals, or those in care, music tuition is offered free of charge.
- **Instrument Hire**: Instruments can be hired through the school free of charge.

Application and Support
Parents or carers interested in enrolling their child in peripatetic music lessons should complete an enrolment form found on the school's website. Information, as well as terms and conditions, can also be found on the school website.

4. Part C: Musical Experiences

This section covers additional musical events and opportunities that we organise, such as concerts, shows, trips, and events. During the academic year, several additional musical opportunities will take place.

Pupils from all year groups at Aston Lodge Primary School have the opportunity of the following musical experiences and clubs.

- Choir - this extra-curricular activity is run during lunchtime by WPT's coordinator for primary music.
- A weekly singing assembly that is run by school staff. Pupils focus on singing a variety of songs from different genres.
- Young Voices Choir - this extra-curricular activity is run after school by the Head Teacher and takes place in the Autumn and Spring Term. Pupils then have the opportunity to perform as part of a mass choir at Sheffield Arena with professional musicians.
- Productions - All pupils across school have the opportunity to be involved in school productions at Christmas and Summer, where pupils take part in singing, acting and dancing. This also provides a platform for pupils to perform to a live audience. All pupils, as well as pupils from other schools in Wickersley Partnership Trust are invited to see the performance, providing valuable opportunities for broadening their horizons.
- Children in Year 6 have the opportunity to compose and perform a leaver song for their end of year assembly.
- Trust Competitions - The WPT Young Musician are prestigious trust events that include auditions for both ensemble and solo acts, ensuring a high standard of performances. Selected instrumental groups and soloists are invited to present their work in a final with a panel of judges from the music industry. This provides them with valuable performance experience.
- Live music concerts - During the school year, pupils have had the opportunity to experience live music performed by visiting musicians who work in the music industry as well as musicals and pantomimes performed at Wickersley Partnership Trust Secondary Schools.
- Whole-school performance opportunities are provided at various points across the years, particularly at Harvest Festival and Christmas time. This allows pupils to experience performing in different venues such as churches.
- Rotherham One Voice - Pupils in Key Stage 2 have the opportunity to attend Rotherham One Voice and be a part of a mass choir made up of schools from across Rotherham. Pupils also have the opportunity to experience performing in a large venue as well as with a live band.

5. Part D: In the Future

This is about what the school is planning for subsequent years

- Continue to link with the Rotherham Music Hub for Rotherham One Voice and other networking events.
- Provide more opportunities for trips to Musicals and Performances spanning a range of genres and career workshops. These trips are designed to broaden horizons. build cultural capital and enrich students' life experiences. By exposing students to professional performances, these outings aim to inspire and enthuse them, enhancing their appreciation for the performing arts and motivating them in their own musical pursuits. These trips will range from free to a small fee.
- Opportunities for Broaden horizons will also come through workshops that will focus on careers and live performances from different genres.
- To continue to monitor and support the quality of teaching throughout the year.
- Promote opportunities for trust instrumental lessons to pupils throughout the year.
- Continue to refine a curriculum for children within alternative provisions used by the school.
- Continue to develop the enrichment off so that it offers a wide range of opportunities for pupils to develop their musical skills outside the classroom.
